

QUAD Ski Race Results

1993 SAINT VINCENT QUAD SKI RACE RESULTS

Dear QUAD Participants,

My first impulse is to remark on a somewhat unsatisfying combination of weather elements that made the 11th Saint Vincent QUAD Ski Race such a, shall we say, ordeal.

On the other hand, after looking down the barrel of seven postponements, after mentally accepting the fact that there might not be a ski race and after actually contemplating the possibility of the first ever QUAD Golf Tournament, I find it difficult to find fault with any conditions that ultimately allowed us our 11th race.

Over the years, the media has been very kind to us, and following the QUAD Ski Race, the televisions and newspapers are filled with great coverage featuring the exploits of Samuels and Mizikowski, Munger and Bates, Herbst and Snell.

But as I review the photos and tapes and as I recall my time at the finish line watching all the tremendous efforts by the young and old, the various abilities and varying goals in brutal weather conditions, it recalls for me what the Saint Vincent QUAD Games are all about and how special the people are that populate these games.

Special thanks to all our volunteers who helped make the race a big success. See you at the swim.

Craig Latimer
Coordinator
Saint Vincent QUAD Games
